The Cottage Gardens

N. I. W. KRIEK
LANSING, MICHIGAN

Growers of Fine Hardy Ornamental Plants.
New and Unusual Materials a Specialty.

Headquarters and Office:

Just beyond City Limits.
on West St. Joseph St.

Telephone 2-9021

Our Fine Evergreens

Evergreens have always been one of our specialties. The quality of our soil permits digging with a solid ball of earth and frequent transplanting or rootpruning develops a fine root-system, which is so essential to the successful transplanting of Evergreens.

All plants listed will be supplied with Ball of Earth (B&B).

JUNIPERUS

While the Pfitzer Juniper tolerates shade quite well, the family in general likes sun and can stand dry, hot situations.

	Each	10 Rate
canadensis aurea (Golden Canadian Juniper)		
spr.

7 ft.	7.00	6.65
8 ft.	9.50	9.00

TAXUS (Japanese Yew)

Almost two decades ago, when the Japanese Yew was hardly used in the Middle West, we made plantings of this valuable evergreen, convinced as we were that it would become the leading evergreen in the Middle West if not in the entire North. Constant trials gave us a thorough knowledge of this plant in midwest conditions and we now possess one of the finest collections of *Taxus*. *Taxus* will grow under almost all conditions, and especially in shade. While most evergreens prefer sun, *Taxus* will do in dense shade and stands city conditions better than any evergreen we know of. It also makes a beautiful hedge and can be trimmed in almost any form.

	Each	10 Rate
baccata rependens , Low spreading		
2-2½ ft.	5.50	5.20
3-3½ ft.	7.50	7.10
cuspidata (Spreading Japanese Yew)

OUR '*STARTED*' Garden Roses

A Plan Originated for
Your Convenience
and Pleasure.

Two year old No. 1 Northern Grown Roses, started during winter months in large six inch pots. By the time you get them (from May 1st on) they are thoroughly rooted and often already budded. You tip them out of the pot and plant them in your garden for **immediate results**. No fatalities in these "started" roses.

Our Roses are almost a season ahead of ordinary dormant plants and besides you can plant them anytime you please, and you will be surprised at the reasonable price.

NEWEST AND FINEST STANDARD VARIETIES.

We admit that we are fond of roses and that we take a great deal of pride in our assortment. We try out all promising introductions and if suitable to this climate and of outstanding value, we offer them to you.

**ASK FOR OUR COLOR-ILLUSTRATED SPECIAL
ROSE FOLDER.**

JAPANESE ROSE-FLOWERING CHERRIES

Our Japanese Rose Flowering Cherries have proven perfectly hardy almost anywhere in the Middle West. We started growing this marvelous ornamental plant well over ten years ago and have never had the least bit of winter damage in the varieties we offer. We graft our own plants from mother plants raised in our nurseries and every year our Flowering Cherries are a sight to behold. You can have in your own garden as fine an array of bloom as the cherries along the mall in Washington.

Flowering Cherries do well in any well-drained soil.

If plants are desired with ball of earth, please see B. & B. Schedule in back of catalog.

	Rate Each
AMANOGAWA , Slim upright; light pink, semi-double flowers.	
3-3½ ft.	1.50

VINCA MINOR (Myrtle), Trailing ground cover.

WATERLILIES

HARDY VARIETIES:	Each
Comanche , Changeable bronze red.....	1.75
Gloriosa , Best hardy red.....	1.95
Gladstone , Very large white.....	1.00
Marliacea Albida , White	1.00
Marliacea Chromatella , Yellow	1.00
Sunrise , Finest clear yellow	3.00
Rose Arey , Dark pink	1.50

TROPICAL VARIETIES: Day-blooming

We recommend heavy two year plants in Tropical lilies as the Michigan season is really too short to wait for the plants to get at their best in one season.

Blue Triumph . Special 2-year old plants, often already in bud and bloom when you put them out	2.50
Pink Pearl , Glorious large pearly pink blossoms, 2 year	2.75
Mrs. George H. Pring . A large striking white, 2 year plants	2.00
Mrs. C. W. Ward . FrAGRANT pink. 2 year plants	2.25
Panama Pacific . A fragrant purple African Lily of great beauty.....	2.50

Please Note: Prices of waterlilies are for plants at the nursery. When we furnish the tub with the lily properly planted in it, there is an extra charge of \$1.50 per lily.

Amelanchier canadensis
Aronia melanocarpa
Cotoneaster acutifolia
Ligustrum regelianum
Rhamnus cathartica
Rhodotypos kerrioides
Viburnum acerifolium
Viburnum lantana
Viburnum prunifolium

BLUE BERRIES:

Ampelopsis Veitchii
Mchonia aquifolium

PLANTS WITH DISTINCTIVE BARK

Cornus alba sibirica (Bright red bark)
Cornus paniculata (Gray bark)
Cornus stolonifera (Deep red bark)
Euonymus alatus (Corky-winged bark)

Kerria japonica (Green bark)
Laburnum alpinum (Green bark)
Liquidambar styraciflua (Corky-ridged bark)
Platanus occidentalis (Spotted creamy yellow bark)

GENERAL INFORMATION

PRICES in this list cancel all previous listings, and are subject to change without notice.

DELIVERIES can be made by truck to almost any point, at moderate cost, depending on distance and quantity of material.

HARDINESS OF STOCK. Grown in the heart of Michigan, our materials are extremely hardy.

STATE INSPECTED. Our nurseries are certified by the State of Michigan to be free from dangerous insects and dangerously contagious tree and plant diseases.

TERMS. Cash, unless other written arrangements are made at time of acceptance of order. Customers with established credit: 30 days net.

CLAIMS. When stock is not delivered by our truck, our responsibility ceases upon delivery of stock in good condition to transportation company. Claims for damage while stock is in transit should be made promptly to the transportation company.

GUARANTEE. Stock planted and supplied by us will be replaced free of charge if dead from natural causes before August 1st after the previous fall or spring of planting, provided the materials have received normal care, and provided payments have been made as arranged. Stock NOT planted by us will be replaced at half prevailing price, if dead, as above described, before August 1st after previous fall or spring deliveries, and also provided payment of materials has been made in full. This guarantee excludes fatalities from tornado, severe drought, abnormal winter or other conditions over which we have no control.

Above General Information refers only to stock sold at retail.

ONE VIGOROUS PLANT
that you know will thrive, and
bloom true to description, is
worth any amount of poor
plants....no matter how little
you pay for them.
